Ashish Thakur

PROFILE SUMMARY

A dedicated and detail-oriented Front-End Web Developer with experience in designing and developing user-friendly websites. Proficient in HTML, CSS, JavaScript, Bootstrap, React, and Angular. With a strong background in freelance web design and a 6-month internship, I have honed my skills in responsive design, cross-functional collaboration, and problem-solving. Passionate about creating clean, efficient, and visually appealing digital experiences. Always eager to learn new technologies and contribute to impactful web projects.

- 2018 B.Com
Lovely Professional University (LPU)
- 2014 XIIth
English

COURSES & CERTIFICATIONS

- Web Design for Everybody: Basics of Web Development & Coding Specialization

PROFESSIONAL EXPERIENCE

Freelancing

I spent two and a half years as a freelance web designer, where I was responsible for creating user-centric, responsive websites for a variety of clients. I worked with technologies such as HTML, CSS, JavaScript, and WordPress to deliver designs that met client expectations. In addition to design and development, I also handled client communications, managed project timelines, and incorporated feedback to ensure high satisfaction and repeat business.

Frontend Development Intern

I completed a 6-month internship in front-end web development, where I designed websites using Bootstrap, JavaScript, and jQuery. I collaborated with a team of developers to build and develop websites using React and Angular, ensuring responsive and user-friendly experiences. This hands-on experience honed my skills in both design and development, while improving my teamwork and communication abilities.
